base_xx BackPac 15.4"
backpack

A simple backback-style laptop bag which offers real value for money

The base_xx universal offers a straightforward answer to notebook transportation.

A smart black exterior holds a cushioned notebook compartment to protect the notebook from bumps and knocks, a notebook strap to keep the notebook in place during transit and plenty of internal storage space for documents, and a front pocket specifically for accessories, business cards, pens, mobile phone and so on.

External mesh side pockets provide additional storage for bulky items.
Adjustable shoulders straps, plus top carry handle, provide comfortable carrying options for users who need to be more mobile.

Dicota Luggage from Hypertec
